
Environmental, Geographic and Community Profile for Central Conditiora Settlements

Village/Homestead	Altitude (Metres)	Latitude (Decimal Degrees)	Longitude (Decimal Degrees)	Population Density	Type of Soil Used	Forest Type	Livelihood	Water Flow	Forests	Pollution	Conditions	Ethnic Group	Vulnerability to Environmental Hazard/Issues
Nawa Virunga								Water	Forests	Pollution		Ethnic Group	Vulnerability to Environmental Hazard/Issues
MKIT, Kanawa, Nawa Virunga	1283.5000	16.50123	120.64220	Low	Mixed	Pine and Mossy	Rice and Camote Farming and Household Livestock	Ample supply of Potable and Agricultural Water	Forests in Good condition	little or no visible signs of environmental stress from pollution	None	Kalanguya	1-2 days walk	low
MkuTR, Kaqaya, Nuwa Virunga	1369.9730	16.55121	120.65621	Low	Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote Farming and Household Livestock	Ample supply of Potable and Agricultural Water	Forests in Good condition	little or no visible signs of environmental stress from pollution	None	Kalanguya	1 days walk	low
MAKO, Kaqaya, Nuwa Virunga	1327.0984	16.49143	120.61763	Low	Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote Farming and Household Livestock	Ample supply of potable and agricultural water	Forests in Good condition	little or no visible signs of environmental stress from pollution	None	Kalanguya	1 day walk	low
CMAYO, Kaqaya, Nuwa Virunga	1360.3514	16.47855	120.61652	Low	Mixed	Pine	Camote and Vegetable Farming and household livestock	Severe shortage of water for both domestic and agricultural purposes	Forests in Good condition	little or no visible signs of environmental stress from pollution	None	Kalanguya	1 day walk	medium
KANGPIT, Kaqaya, Nuwa Virunga	1360.6240	16.46759	120.66066	Low	Mixed	Mossy and Pine	Camote and swidden rice farming, home livestock	Ample supply of water for agricultural purposes	Forests in Good condition	no visible signs of environmental stress from pollution	None	Kalanguya	02 day walk	low
MAKISE, Kaqaya, Nuwa Virunga	1451.3504	16.46199	120.66067	Low	Mixed	Pine	Camote and vegetable farming and home livestock	Severe shortage of water for domestic and agricultural purposes.	Forests in Good condition	little or no visible signs of environmental stress from pollution	None	Kalanguya	available road	low
PANGAWAN, Kaqaya, Nuwa Virunga	1479.4221	16.56922	120.66968	High	CPD/Mixed	Mossy and Pine	Commercial Agriculture and home livestock	Severe shortage of water for domestic and agricultural purposes.	Forests in Good condition	Some signs of environmental stress from pollution	None	Kalanguya	available road	low
Mountain Province	**Altitude (Metres)**	**Latitude (Decimal Degrees)**	**Longitude (Decimal Degrees)**	**Population Density**	**Type of Soil Used**	**Forest Type**	**Livelihood**	**Water**	**Forests**	**Pollution**	**Conditions**	**Ethnic Group**	**Vulnerability to Environmental Hazard/Issues**
KINWAY, Besao, Mountain Province	1460.5330	17.08930	120.65427	High	CPD/Mixed	Pine	Rice and camote farming, small industries, tourism, home livestock	Ample supply of water for both domestic and agricultural use	Forests in Good condition	small signs of environmental stress from pollution and erosion	None	Northern Kankanaey	available road	medium
BASAOL, Besao, Mountain Province	1360.3809	17.10163	120.66893	High	Mixed	Pine	Rice and Camote Farming and Household Livestock	Ample supply of Potable and Agricultural Water	Forests in Good condition	little or no visible signs of environmental stress from pollution	None	Northern Kankanaey	available road	medium
MAGANG, Besao, Mountain Province	1361.7224	17.10359	120.64355	High	Mixed	Pine	Rice and Camote Farming and Household Livestock	Ample supply of Potable and Agricultural Water although some households complain that there is no water at the time of the visit	Forests in Good condition	little or no visible signs of environmental stress from pollution	None	Northern Kankanaey	1 day walk	low
BASAGAAN, Nagada, Mountain Province	1851.8960	17.10170	120.69039	High	CPD/Mixed	Pine	Rice and Camote Farming and Tourism and Household Livestock	There seems to be a shortage of water for both agricultural and domestic purposes, although this may be due to the location of the venture at the time of the visit	Forests in Good condition	signs of environmental stress from human sewage, water pollution, over system and drinking water, solid waste, and attitude air pollution	None	Northern Kankanaey	available road	high
Bulliit Hi, Mountain Province	1850.2724	17.09169	120.70983	High	CPD/Mixed	Mossy and Pine	Rice and Camote Farming and Tourism and household livestock	Ample supply of water for domestic and agricultural purposes.	Forests in Good condition	little or no visible signs of environmental stress from pollution although camps and solid waste seen in the area, and possible pollution from the mining of gold	None	Bontok, Ibaloi	available road	medium
BASAO, Mountain Province	1228.177	17.09109	120.66533	High	CPD/Mixed	Pine	Rice and Camote Farming and Tourism and Household Livestock	Ample supply of water for domestic and agricultural purposes.	Forests in Good condition	little or no visible signs of environmental stress from pollution although camps and solid waste seen in the area, and possible pollution from the mining of gold	None	Northern Kankanaey	available road	medium
BETAGNAN, Natonggo, Mountain Province	769.9699	17.14755	120.67373	High	CPD/Mixed	Pine and Dipterocarp	Rice and Camote Farming and Household Livestock	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	signs of environmental stress from human sewage and solid waste	None	Bontok Kalinga	1 hour walk	high
SALAC, Bontoc, Mountain Province	1264.5523	17.10799	120.97427	High	Mixed	Pine	Rice and Camote Farming and Household Livestock	Severe shortage of water for both domestic and agricultural purposes	Forests severely depleted	some signs of environmental stress from solid waste and human sewage, but not to a significant degree	None	Bontok	02 day walk	high
TAMLUNG, Natonggo, Mountain Province	1464.4549	17.10369	120.69822	High	CPD/Mixed	Pine	Rice and camote farming, tourism, small scale gold mining, commercial vegetable farming	Severe shortage of water for both domestic and agricultural use	Forests severely depleted	some signs of environmental stress from solid waste and human sewage, but not to a significant degree	None	Northern Kankanaey	1 hour walk	high
KINGAY, Bantay, Mountain Province	1360.0914	17.09369	120.70964	Low	Mixed	Mossy and Pine	Rice and Camote Farming and home livestock	Ample supply of water for both domestic and agricultural use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Bontok Ibaloy	02 day walk	low
BASAY, Bontoc, Mountain Province	1252.2325	17.19128	120.95489	High	CPD/Mixed	Pine	Rice and Camote Farming and home livestock, small gold mining, tourism	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from sewage and solid waste, although not to a significant degree	None	Bontok	available road	high
MT AMLYAO, Paywalong Station	2716.503	17.24151	121.12961	Low	Mixed	Mossy	MTPS	Severe shortage of water for both domestic and agricultural purposes.	Forests severely depleted	no visible signs of environmental stress from pollution	None	Bontok Kalinga	02 day walk	high
BACABACAN, Natonggo, Mountain Province	1266.0798	17.16097	121.01808	High	CPD/Mixed	Pine	Rice and Camote Farming and Household Livestock	Severe shortage of water for both domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from human sewage and solid waste	None	Bontok Kalinga	available road	high
BAGANGA, Mountain Province	902.3697	17.16783	121.02647	High	CPD/Mixed	Pine	Rice and Camote Farming and household livestock	Severe shortage of water for both domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from human and animal sewage	None	Bontok Kalinga	available road	high
BALACAN, Mountain Province	1527.3982	17.26164	120.90167	High	CPD	Pine	Rice and Camote Farming and Household livestock	Severe shortage of water for both domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from human and animal sewage	None	Northern Kankanaey	available road	high
KAKIDANG, Besao, Mountain Province	643.7256	17.10764	120.7717	Medium	Mixed	Dipterocarp	Rice farming	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from human and animal sewage	None	Ilongot	available road	high
CAMMUNAN, Besao, Mountain Province	905.2002	17.10565	120.90556	High	Mixed	Pine and Dipterocarp	Rice and camote farming, household livestock	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from human and animal sewage	None	Northern Kankanaey	1 day walk	high
Sagada	**Altitude (Metres)**	**Latitude (Decimal Degrees)**	**Longitude (Decimal Degrees)**	**Population Density**	**Type of Soil Used**	**Forest Type**	**Livelihood**	**Water**	**Forests**	**Pollution**	**Conditions**	**Ethnic Group**	**Vulnerability to Environmental Hazard/Issues**
KAMBULO, Bontoc, Sagada	954.0000	16.96200	120.12451	Low	Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote Farming and Tourism and Household Livestock	Severe shortage of water for agriculture and no shortage in water for domestic use	Forests severely depleted, community are eagerly reported although presence of forest, some areas are inaccessible. Number of forest areas above inaccessible.	Some signs of environmental stress from human and animal sewage	None	Sagada	02 day walk	high
MAYOG, Hungduan, Ifugao	1284.0000	16.98000	121.05888	Low	Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote Farming and Household Livestock	Ample supply of Potable and Agricultural Water	Forests in Good condition	little or no visible signs of environmental stress from pollution	None	Ifugao/Kalanguya	2 hours walk	low
KAPAD, Hungduan, Ifugao	1024.9167	16.97357	121.05764	High	CPD/Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote farming, Tourism, wood carving	Ample supply of water for both domestic and agricultural use	Forests in Good condition	some signs of environmental stress from solid waste and human sewage	None	Ifugao	available road	medium
GUINZADAN, Ifugao	1275.3864	16.95363	121.10564	High	CPD/Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote farming, Tourism, wood carving	Ample supply of water for both domestic and agricultural use	Forests in Good condition	small signs of environmental stress from solid waste and human sewage	None	Ifugao	available road	medium
BANAWI, Banaue, Ifugao	1061.9033	16.95188	121.1251	Medium	CPD/Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote farming, Tourism, wood carving	Ample supply of water for both domestic and agricultural use	Forests near town centre severely depleted although many households still mine above the rice terraces	some signs of environmental stress from human and animal sewage	None	Ifugao	available road	high
BANAUE, Ifugao	1098.129	16.91311	121.06855	High	CPD/Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote Farming and Tourism and household Livestock	Ample supply of water for both domestic and agricultural use although some households complain that there is no water at the time of the visit	Forests in Good condition	some signs of environmental stress from human sewage, water pollution, over system and drinking water, solid waste, and attitude air pollution	None	Ifugao	available road	high
BATAD, Banaue, Ifugao	821.2810	16.96468	121.13475	High	CPD/Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote Farming and Tourism and household Livestock	Ample supply of water for both domestic and agricultural use	Forests in Good condition	Some signs of environmental stress from human sewage	None	Ifugao	02 day walk	medium
BATAD, Mapulao, Ifugao	1289.8723	16.96213	121.12869	Low	Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote Farming and household Livestock	Ample supply of water for both domestic and agricultural use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Ifugao Mayoyao	1-2 days walk	low
BANAO, BANAO, Tinoc, Ifugao	1269.2922	16.76168	120.99835	Medium	Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and camote farming, household livestock	Ample supply of water for both domestic and agricultural use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Kalanguya	available road	low
TINOC, Ifugao	1264.3529	16.67189	120.93825	High	CPD/Mixed	Mossy and Pine	Commercial Agriculture, Rice Farming, camote farming	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	some environmental stress from pollution arising from The Hauling of Fertilizer, Solid Waste, Animal Sewage, Pesticide Fertilizer, Solid Waste, attitude pollution, agricultural waste	None	Kalanguya	available road	high
TUNGTUNG, Tinoc, Ifugao	1715.1507	16.7725	120.90923	Medium	CPD/Mixed	Mossy and Pine	Commercial Agriculture, Rice Farming, camote farming	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	some environmental stress from pollution arising from The Hauling of Fertilizer, Solid Waste, Animal Sewage, Pesticide Fertilizer, Solid Waste, attitude pollution, agricultural waste	None	Kalanguya	available road depending on the season	high
TUCUCAN, Tinoc, Ifugao	1630.874	16.75356	120.95109	Low	Mixed	Mossy and Pine	Rice and Camote Farming and Marijuana, home livestock	Ample supply of water for both domestic and agricultural use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Kalanguya	1 day walk	medium
BANAO, Tinoc, Ifugao	1176.4539	16.68733	120.90353	Low	Mixed	Mossy and Dipterocarp (Lower Elevations)	Rice and Camote farming, Mining, tourism	Ample supply of water for both domestic and agricultural use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Kalanguya	1 day walk	low
TONGTI, Tinoc, Ifugao	1850.2724	16.74588	120.92353	Low	Mixed	Mossy	Camote and Vegetable Farming and household livestock	Ample supply of water for agriculture and domestic use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Kalanguya	1 day walk	medium
SAGE, Tinoc, Ifugao	1779.5233	16.7393	120.92161	Medium	Mixed	Mossy and Pine	Rice and commercial vegetable farming and home livestock	Lack of water for domestic and agricultural purposes.	Forests around community are depleted although areas further away from people furnish resources	Some environmental stress from pollution arising from The Hauling of Fertilizer, Solid Waste, pesticide pollution, farming waste	None	Kalanguya	available road depending on the season	medium
Benguet	**Altitude (Metres)**	**Latitude (Decimal Degrees)**	**Longitude (Decimal Degrees)**	**Population Density**	**Type of Soil Used**	**Forest Type**	**Livelihood**	**Water**	**Forests**	**Pollution**	**Conditions**	**Ethnic Group**	**Vulnerability to Environmental Hazard/Issues**
GALUPIDIP, Itogon, Benguet	414.8913	16.37053	120.72368	Medium	CPD/Mixed	Dipterocarp	Rice Farming, fishing, gold panning, camote farming	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from pollution and mine waste	None	Ibaloi	available road depending on the season	high
Tabu, Itogon, Benguet	389.3549	16.36765	120.71053	Low	Mixed	Hallmonies	Rice and camote farming, household livestock, gold panning	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from pollution and mine waste	None	Ibaloi	1 day walk	high
GABU Downstream settlement	414.8913	16.37053	120.74063	Low	Mixed	Dipterocarp	Rice and camote farming, household livestock, gold panning	Severe shortage of water for domestic and agricultural purposes.	Forests severely depleted	some signs of environmental stress from pollution and mine waste	None	Ibaloi	1 day walk	high
DONGLOPOS, Itogon, Benguet	1484.0243	16.32923	120.8233	Low	Mixed	Mossy and Pine	Camote Farming and Swidden Rice farming, home livestock	Lack of water for both domestic and agricultural purposes, due to the location of the settlement at present	Forests around community are depleted although areas further away furnish resources	no visible signs of environmental stress from pollution	None	Ibaloi	1-2 days walk	Medium
DONGLOPOS Sito	1716.5005	16.32307	120.81309	Low	Mixed	Mossy and Pine	Camote Farming and Swidden Rice farming, home livestock	Severe shortage of water for both domestic and agricultural purposes, due to the location of the settlement at present	Forests around community are depleted although areas further away furnish resources	little or no visible signs of environmental stress from pollution	None	Ibaloi	1-2 days walk	Medium
Sitio Pal, Itogon, Benguet	1286.4519	16.36153	120.7636	Low	Mixed	Pine	Rice and Camote Farming and Gold Panning	Severe shortage of water for domestic and agricultural purposes, this may be due to the location of the settlement now	Forests in Good condition	no visible signs of environmental stress from pollution	None	Ibaloi	1-2 days walk	high
ELIAS, Itogon, Benguet		16.3705	120.77304	Low	Mixed	Pine	Rice and camote farming, home livestock	Ample supply of water for both domestic and agricultural use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Ibaloi	1-2 days walk	low
ELA-DULUNAN, Lamut, Kabayan, Benguet	1513.13	16.98465	120.85708	Low	Mixed	Mossy	Rice and camote farming, home livestock	Ample supply of water for both domestic and agricultural use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Kalanguya	1 day walk	low
LEBENG, Tawangan, Kabayan, Benguet	1925.3810	16.93653	120.81655	Low	Mixed	Mossy	Rice and camote farming and commercial agriculture	Ample supply of water for agricultural use	Forests in Good condition	no visible signs of environmental stress from pollution	None	Kalanguya	1/2 day walk	medium
Ilocos Sur	**Altitude (Metres)**	**Latitude (Decimal Degrees)**	**Longitude (Decimal Degrees)**	**Population Density**	**Type of Soil Used**	**Forest Type**	**Livelihood**	**Water**	**Forests**	**Pollution**	**Conditions**	**Ethnic Group**	**Vulnerability to Environmental Hazard/Issues**
NAGACAN, Quirino, Ilocos Sur	864.3503	17.42833	120.72833	Medium	Mixed	Hallmonies	Rice farming	Severe shortage of water for domestic and agricultural purposes	Forests severely depleted	some signs of environmental stress from pollution and animal sewage	None	Ilocos	available road depending on the season	high
KALIBO, Quirino, Ilocos Sur	954.7514	17.41737	120.67834	Medium	Mixed	Hallmonies	Rice Farming	Severe shortage of water for domestic and agricultural purposes	Forests severely depleted	some signs of environmental stress from solid waste and human sewage	None	Ilocano/Ibaloi	available road depending on the season	high
Cogeon Del Pilar, Ilocos Sur	561.1113	17.34556	120.61333	High	CPD/Mixed	Dipterocarp	Rice Farming, Tourism, cashew/ Vegetables	Severe shortage of domestic and agricultural water	Forests severely depleted	some signs of environmental stress from sewage	None	Ilocano	available road depending on the season	high
								Water Shortages	Forests severely depleted	Pollution				
								Mild water shortage	Forests around community largely depleted	Some Pollution				
								Severe Water Shortage	Forests Forest Areas Inaccessible	Severe Pollution
